Name: _____

CLDDV 123: Learning Environments for Young Children

Make and Take Activity

Choose a developmentally appropriate activity/toy to make in class.

Bring enough materials for three people to make the activity/toy in your group.

Be prepared to demonstrate how to make the activity/toy.

Age range:

Describe typical abilities and play interest for this age range:

Name of handmade activity/toy:

Materials needed:

How would children use the activity/toy?

Is this for the home environment, classroom environment, or both?

How would you introduce this activity/toy to children?

Why did you choose this particular activity/toy?

Name one adaptation to the activity that would meet the needs of a child with a disability.
