

## **CLDDV 130 Student Learning Outcomes**

**Outcome:** Through lecture and online presentation, students will learn how to identify common playground hazards in order to maintain playground safety on their work/volunteer site.

**Assessment:** Participation in classroom discussion and group activity answering questions related to playground safety.

**Outcome:** After lecture and librarian guest speaker, students will demonstrate the ability to utilize appropriate resources for relevant early childhood education information.

**Assessment:** Written assignment, including copy of resource.
